I, the undersigned, understand that Buckeye Acres Produce LLC begins growing for me months in advance. Consequently, if I do not pick up my shares each week, I will not receive a refund. Also, I understand that Buckeye Acres Produce LLC is a diversified farming operation and will sell produce to other outlets in addition to the CSA and that extra quantities of some items may be purchased during the season at market price. I also understand that with farming there can be the risk of crop damage or failure due to weather events and this will affect all those involved. I understand the risk involved and agree to assume such risks if they arise.
